Zhimeng Guo

UNDERGRADUATE STUDENT

+86-19983297742 | guozhimeng98@outlook.com | zhimeng.mystrikingly.com

Personal Information

Name: ***Zhimeng Guo***

Gender: Male

Date of Birth: 12/09/1998

Major: Mathematics and Physics Basic Science (Honors College)

Education

Yingcai Honors College, Univ of Electronic Sci & Tech of China (985,211) *Chengdu, P.R.China*

B.ENG. IN MATHEMATICS AND PHYSICS BASIC SCIENCE *Sept. 2017 – Exp.July 2021*

- GPA: 3.95/4.0 Ranking: 2/24
- Honors College

Courses

Math

Advanced Algebra and Geometry,
Advanced Calculus,
Functions of Complex Variables,
Equations of Mathematical Physics,
Probability and Statistics,
Discrete Mathematics.

Physics

University Physics,
Theoretical Mechanics,
Electrodynamical Mechanics,
Thermodynamics and Statistical Physics,
Quantum Mechanics,
Foundations of Circuits and Electronics Illustrated.

Computer Science

Advanced Programming Language Design,
Principles of Computer Organization,
Data Structures and Algorithms,
Computer Network,
Computer Operating System,
Fundamentals of Compiling,
Machine Learning.

Others

Introduction to Economics,
Introduction to Psychology,
Management and Leadership,
Scientific Writing,
Introduction to Brain Information Science,
College Chemistry.

Research Experiences

Research Training *Chengdu, P.R.China*

CENTER FOR FUTURE MEDIA, UESTC, CHENGDU, CHINA *Jun. 2019 - Present*

- Learning deep learning and computer vision.
- Supervised by Prof. Lianli Gao (http://cfm.uestc.edu.cn/~gaolianli/)

Research Assistant *Chengdu, P.R.China*

CENTER FOR COMPLEX SYSTEMS AND SOCIAL COMPUTING, UESTC, CHENGDU, CHINA *Sept. 2018 – Nov. 2019*

- Assisted with Complex network classification using Graphlets.
- Supervised by Prof. linyuan Lv (http://www.iffs.uestc.edu.cn/info/1085/2193.htm)

Undergraduate Research Project *Chengdu, P.R.China*

DATA, INTELLIGENCE AND COGNITIVE TEAM, UESTC, CHENGDU, CHINA *Jun. 2018 – Sep. 2018*

- Learning machine learning and recommendation system.
- Supervised by Prof. Kevin Kai Zheng (http://zheng-kai.com/)

Research Projects

Classification of Complex Networks Based on Graphlets *Chengdu, P.R.China*

UNDERGRADUATE RESEARCHER, UESTC *Apr. 2019 – Nov. 2019*

- Classify the network with different indicators.

Louvre Emergency Evacuation Optimization Plan *Chengdu, P.R.China*

2019 INTERDISCIPLINARY CONTEXT IN MODELING *Jan. 2019 - Jan. 2019*

- Designed different models for various scenarios using networks.
- Programming cellular automata.

Honors and Awards

Excellent Student Scholarshipship 2019

FIRST CLASS IN HONORS COLLEGE, CNY 2500 (USD 356) *Oct. 2019*

Ranked 46/4103 in IEEEXtreme 24-Hour Programming Competition

A GLOBAL PROGRAMMING COMPETITION *Oct. 2019*

Meritorious Winner of 2019 Interdisciplinary Contest In Modeling

ABOUT 10% *May. 2019*

Second Prize of the "American Mathematical Modeling Contest Simulation in UESTC"

ABOUT 10% *Nov. 2018*

Model Student Scholarship

IN HONORS COLLEGE, CNY 1000 (USD 142) *Oct. 2018*

First Prize of the "Innovation and Entrepreneurship Competion" in iSpace Pte.Ltd, Singapore

RANKED 1ST TEAM *Aug. 2018*

Winner of Innovation Management Programme competition in NUS, Singapore, 2018

RANKED 1ST TEAM *Aug. 2019*

Third Prize of the "Mathematical Competition in UESTC"

ABOUT 30% *May. 2018*

Third Prize of the "Psychological Contest in UESTC"

ABOUT 20% *May. 2018*

Relevant Skills

Programming	MATLAB, C, C++, Python, HTML, LaTeX
Languages	Chinese (native), English (fluent)
